Scalp and Hair Troubles

Generally Caused by Carelessness

Dandruff is a contagious disease caused by microbe which also produces baldness. Bring Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be intected with of Faultless Dry Cleaning, Cincinnati, Ohie. microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an 00 infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hatband is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, I have a remedy which I believe will completely relieve these troubles. I am so sure of this that I offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results L claim. This remedy is called Rexall "93" Hair Tonic. I honestly believe it to be the most scientific remedy for scalp and hair troubles, and I know o nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. I want everybody who has any trouble with Lair or scalp to know that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence. and no one should scoff at or doubt this statement until they have put my claims to a fair test, with the understanding that they pay me nothing for the remedy if it does not give full and complete satisfaction in every particular I'wo sizes, 50 cents and \$1.00.
